## PORTO

The city of Porto is known as Invicta or the Capital City of the North. Its name is the root of Portucale (the first name of our country), later Portugal. The city is mostly renowned for its wine (port wine), produced in the Douro valley, the oldest demarcated wine region of the world (1756), F.C. Porto (football team), its historical centre, listed as World Heritage by UNESCO and its vast industrial area, the most productive in the country.

# Venue

Maiêutica is the founding body of the University of Maia – UMAIA (founded in 1990) and the Polytechnic Institute of Maia – Ipmaia (founded in 2015). It is a private non-profit HEI located in Maia, in the metropolitan area of Porto – the second largest city in Portugal. The university campus occupies an area of 70,000 m<sup>2</sup> and provides students with excellent infrastructures and leading-edge technological equipment.

The “Healthy Campus” programme, certified by FISU (International University Sports Federation) in May 2020, aims to create a benchmark for higher education institutions in all areas of well-being for the academic community in general, and for the students in particular. As a result of this recognition, the Polytechnic Institute of Maia obtained the platinum seal, enabling it to stand out at a national level.

# How to get to Umaia

## *The Campus*

The campus has a metro station which is called "ISMAI" (the terminus of the green line). Francisco Sá Carneiro Airport is around 10 km away from UMAIA | Umaia Campus. To come from the airport to UMAIA | Umaia by metro you need to change lines, so it should take you about 50 minutes. Taxi and Uber services are also available.

# Accommodation

We suggest staying in Maia city centre which is 4 km from the campus. You can reach “ISMAI” station from “Forum Maia” metro station (Maia centre) directly on the green line within 9 minutes.

You may also decide to stay in Porto city centre. Porto is about 10 km from Maia. There are several accommodation offer available. Depending on the location of your accommodation, it may take you 35–45 minutes to reach the campus by metro.
